

Introducing New Digital Reading Resources

Chatham County Schools is proud to present new Digital Reading Resources for all schools. Please use the links below to learn more about these tools. Feel free to copy these links to your classroom websites, media center websites, or other places that will assist ease of student use! If you have any questions, please call the Academic Services & Instructional Support Office.

TumbleBooks
e-books for e-kids

Tumble Books is an online platform that allows students in K-5th (or any grades above) grades to access hundreds of books from any internet connected device. Students can read the books or have the books read aloud. Some books are also available in Spanish. There are also games and other activities on the site. This is a great tool for literacy centers! This resource is ready to use NOW!
